

UNIVERSITY OF MARYLAND

COLLEGE OF EDUCATION

Department of Teaching and Learning, Policy and Leadership

M.ED CURRICULUM AND INSTRUCTION TEACHING AND LEARNING MATHEMATICS IN MIDDLE GRADES

This is a 30-credit program intended for teachers already certified in elementary or middle school education, special education, or in ESOL. This is a cohort-only program offered in partnership with the Mathematics Department at the University of Maryland and local school districts.

It is a three-year, content-based masters' program that prepares teachers to become highly qualified in middle grades mathematics by strengthening their content knowledge and their professional knowledge about teaching mathematics to students in diverse school settings. This research-based program involves coursework in mathematics content, mathematics education, curriculum-based integrated content and pedagogy courses, as well as an action research course.

All graduates of the Master's degree in our department demonstrate that they:

- 1) are able to engage in the careful analysis of and reflection on their own and others' teaching as a basis for continuing growth as a professional;
- 2) understand the content, topics, issues, practices, and policies that support effective classroom practice for diverse students in diverse school settings;
- 3) are able to engage in effective instruction for diverse students;
- 4) possess the capacity to engage in disciplined inquiry into curriculum, teaching, and students' learning as a basis for decision-making in the classroom, leadership roles in schools, and/or support of research and theory development in the field.

SUMMER	MATH 480 Algebra for Middle School Teachers	TLPL 613 Problem solving and innovative thinking in the mathematics classroom TLPL 698 (1) Conducting Research on Teaching	TLPL 614 Assessing Mathematical Understanding

Application Guide for: Math Education: M.Ed. Program (Degree Seeking)

Apply to the graduate school at the University of Maryland College Park at <https://gradschool.umd.edu/admissions/application-process/step-step-guide-applying>
Scroll down to see the application link for other programs

This application guide will help to fill out the information specific to our program from the graduate school application website. Please read the information in the Graduate School website carefully. A **first step** is to **request your transcripts** from post-secondary institutions you've attended. You will need to submit copies of your transcript(s) online and mail your official copies (note: official transcripts are due by the end of the first semester of enrollment, if accepted into the program). Also, **request 3 recommendation letters** (find details below) as these steps often hold back the applications.

There are two areas of the application that often create questions from the applicants: Maryland Residency and Educational Intent. It is important that you input all the information to ensure your application is properly identified. Upon completion, notify the program director, Dr. Sara Krischner at skirschn@umd.edu, to facilitate processing your application through the online system.

MARYLAND RESIDENCY

Although the program offers flat rate tuition to all participants in the MCPS/UM Partnership regardless of residency, you need to complete the residency classification section. If you are an out-of-state applicant, you may be required to pay the higher out-of-state rate if you take courses outside of the program or out of sequence with your cohort¹. You will need information from the following documents to demonstrate you are an in-state resident: **driver's license, registration of your motor vehicle, registration to vote, Maryland income tax returns.** You need to include the **specific date** (day/mo/yr) given. *Note: Do not enter future dates in the application. This will flag the residency as out-of-state.*

¹ For in-state and out-of-state students, all University of Maryland College Park campus-based mandatory fees will be waived, except for the technology fee since students use these services throughout the program. Shady Grove fees apply.

Term of Entrance: SELECT SEMESTER YOU WISH TO START
College/School: College of Education
Program of Study: Curriculum and Instruction (EDCI)
Degree: M.Ed.
Full-Time/ Part-Time Status: Part-Time
Area of Interest 1: Middle School Mathematics Teaching/Learning (Montgomery County/Off_Campus)

NOTE: After completing the Educational Intent page, and uploading your "Statement of Purpose" hit "save & continue". This will take you to the "Previous Education" page, which is where you will upload a copy of your unofficial transcript.

Application Requirements:

Graduate School Minimum Requirements

The Graduate School at UMD requires a minimum GPA of 3.0. If you do not meet Graduate School minimum requirement of 3.0 GPA (on a 4.0 scale) in all prior Undergraduate and Graduate work, please submit a petition for a letter of support from the program coordinator, contact Dr. Sara Krischner at skirschn@umd.edu to make this request.

University of Maryland's Graduate Application Process

The University of Maryland's Graduate School accepts applications through its [ApplyYourself/Hobsons](#) application system. Before completing the application, applicants are asked to check the Admissions Requirements site for specific program instructions.

As required by the Graduate School, all application materials are to be submitted electronically:

- Graduate application
- Transcripts (upload copy into application). Please note that upon admission by The Graduate School applicants are required to submit an official transcript for enrollment at the University of Maryland, College Park by the end of the first semester of enrollment.

The official transcript should be sent to the graduate school.

University of Maryland College Park
Enrollment Services Operation –
Attn: Graduate Admissions
Room 0130 Mitchell Building
College Park, MD 20742

- *Statement of Purpose (see details below)
- Resume
- Letters of recommendation (provide recommender's name & email on application-recommender will be contacted by auto-generated email to submit their electronic recommendation)
- Non-refundable application fee (\$75) for each program to which an applicant applies

The electronic submission of application materials helps expedite the review of an application. Completed applications are reviewed by an admissions committee in the graduate degree program to which you apply. The admission recommendations from the programs/departments are submitted to the Dean of the Graduate School. Thus, all degree-seeking applicants must be formally admitted to the University of Maryland Graduate School.

*Statement Of Purpose:

Write a brief (1000 - 2000 word) statement addressing the following two questions:

- What are your reasons for undertaking graduate study at the University of Maryland, College Park? Indicate, if appropriate any specific areas of research interest. You may wish to discuss past work in your intended field or allied fields, your plans for a professional career, or how you developed your interest in or knowledge of your chosen subject.

- What life experiences have prepared you to pursue a graduate degree at a large and diverse institution such as the University of Maryland? Among the items you might care to include would be your financial, community and family background, or whether you are the first person in your family to pursue higher education or any other factors that you believe would contribute to the diversity of our academic community. You may also wish to give the graduate admissions committee some examples of your determination to pursue your goals, your initiative and ability to develop ideas, and/or your capacity for working through problems independently.
