

Community-based Summer Social Skills Program

Are you a parent of a 4- to 14-year-old child with developmental disabilities? We invite you to participate in our research that looks at supporting social communication and emotional skills of young children through interactive activities with peers.

The program will take place at the Chinese Culture and Community Service Center (CCACC) Academy in Gaithersburg, Maryland, from July 20 to August 24, 2024, on Sundays, 1-5pm.

- Parents complete questionnaires (40min) before and after the program.
- Children participate in the summer program for 4 hours/week for 6 weeks.

All sessions will be in person, and commitment to attend all the six sessions of the program is required for participation.

You will receive a total of \$25 gift card upon completing the study:

- \$25 after completing both the pre and post questionnaires

To learn more about the study, please scan the QR code below or email us at accel@umd.edu with the title, "Summer Program"

Pre-Summer Program Survey

Complete before the program

Post-Summer Program Survey

Complete after the program
