**COURSE DESCRIPTION**

EDHD 413 is the study of adolescent development, including special problems encountered in contemporary culture. This course will focus on the implications of adolescent developmental theories in contexts of diversity.

**COURSE OUTLINE**

In this course, we will examine adolescent development from two perspectives. In the first half of the course, we will examine theories about adolescent development. In the second half of the course, we will examine developmental issues (tasks) in adolescence within the family, peer, and school contexts. Throughout the course, we will focus on diversity in adolescence by examining racial, ethnic, and gender differences that may influence the outcome of adolescents' developmental experiences.

**COURSE OBJECTIVES**

Upon completion of this course, students should be able to:

1. Demonstrate a basic understanding of the theories underlying adolescent development
2. Identify and describe the nature of contextual influences on adolescence.
3. Consider cultural and diversity issues relevant to adolescent development.
4. Integrate and connect theories and perspectives of adolescent development to educational practices.

**REQUIRED TEXTS**

Steinberg, L. (2014). *Adolescence* (10<sup>th</sup> ed.). New York: McGraw Hill. (ISBN: 978-0-07-353211-0)  
Stickle, F. (Ed.) (2013). *Annual Editions: Adolescent Psychology*, 9/e. (ISBN: 9780078136177)

**STUDENT EXPECTATIONS**

1. Be on time to class and be prepared.
2. Be respectful to the instructor and to fellow students.
3. Be attentive and participate in class.

**COURSE REQUIREMENTS**

• **Exams\* (200 pts)**

There will be 2 non-cumulative exams, each worth 100 points. The format of the exams will consist of multiple choice, true/false, and short response questions covering course materials from readings, lectures, class videos, and discussions.

• **Autobiographical Reflection Papers\* (100 pts)**

Students will write 2 short autobiographical papers, worth 50 points each. The first paper will require a review and application of one of the *theoretical perspectives* of adolescence covered in the first part of the course to your own adolescent development. The second paper will require the review and application of a *developmental task* covered in the second part of the course to your own adolescent development. More details will be provided in class.

• **Online Video Assignments (75 pts)**

There will be 3 online assignments that will require students to construct and post class discussion responses to assigned videos related to a current topic of adolescence. These assignments are intended to help students make connections between course content and real world issues related to adolescent outcomes. Each assignment is worth 25 points.

- **In-Class Discussions (40 pts) + Participation Evaluation (10 pts)**

There will be 10 in-class discussions that will take place during class time over the course of the semester. These will take place in groups that will be randomly assigned by the instructor. Each discussion, worth 4 points each, entails review questions based on the topic covered in class, assigned readings, and group presentations. In addition, there will be an instructor evaluation (out of 10 points) of student participation in these discussions.

- **Group Presentation\* (25 pts)**

Each discussion group will present on one of the topics listed in the course schedule beginning on September 26<sup>th</sup>. These presentations are intended to connect course topics to current adolescent issues in today's culture. More details will be provided in class.

- **Quizzes (50 pts)**

A total of 6 unannounced reading quizzes, each worth 10 points, will be given during the first 10 minutes of class. (Students who come to class late will not be given additional time to complete the quiz.) Quizzes will consist of multiple choice and true/false questions based on the reading assignments. Only the five highest quiz grades will count towards the final quiz grade.

- **Extra Credit (up to 10 pts)**

Opportunities for extra credit points will be provided through quizzes and exams. Students may earn up to a total of 10 points, which will go towards their final grade point accumulation.

## COURSE POLICIES

PLEASE SEE THE UNIVERSITY'S WEBSITE FOR ALL UNDERGRADUATE COURSE-RELATED POLICIES AT [HTTP://WWW.UGST.UMD.EDU/COURSERELATEDPOLICIES.HTML](http://www.ugst.umd.edu/courserelatedpolicies.html). BELOW ARE HIGHLIGHTED POLICIES.

- **CLASS ATTENDANCE, CLIMATE & ELECTRONICS POLICY**

Students are expected to attend and actively participate in each class except in the case of illness or an extenuating circumstance. If missing class, students are responsible for obtaining additional notes from a classmate.

Once class begins, students are expected to conduct themselves professionally. *Cell phones must be turned off and put away during class unless there is an extenuating circumstance. Laptops and tablets are permitted during class but should only be used for accomplishing class objectives such as taking notes or for discussion activities.* Students who disregard this policy will be asked to put away their devices and/or leave the class immediately.

- **ACADEMIC INTEGRITY**

The University of Maryland, College Park has a student-administered Honor Code & Honor Pledge. For more information on the Code of Academic Integrity or the Student Honor Council, please visit <http://www.studenthonorcouncil.umd.edu/whatis.html>. This Code sets standards for academic integrity at Maryland for all undergraduate and graduate students. As a student, you are responsible for upholding these standards for this course. The code prohibits students from cheating, fabrication, facilitating academic dishonesty, and plagiarism. Instances of this include submitting someone else's work as your own, submitting your own work completed for another class without permission, or failing to properly cite information other than your own (found in journals, books, online, or otherwise). It is very important for you to be aware of the consequences of cheating, fabrication, facilitation, and plagiarism. Any form of academic dishonesty will not be tolerated, and any sign of academic dishonesty will be reported immediately to the appropriate University officials.

To avoid any misunderstanding, all written papers and exams must include the following pledge statement handwritten or typed and signed by the student: *"I hereby declare that I am the sole author of this paper and everything presented is my own unless otherwise cited"*. I will not accept any papers without a signed honor pledge.

- **STUDENTS WITH DISABILITIES**

If you have a registered disability that will require accommodation, please see the instructor so necessary arrangements can be made. If you have a disability and have not yet registered with the University, please contact Disability Support Services (301.314.7682, or 301.405.7683 TTD) as soon as possible. **You must provide official documentation.**

- **RELIGIOUS OBSERVANCES**

The University of Maryland policy on religious observances states that students not be penalized in any way for participation in religious observations. Students shall be allowed, whenever possible, to make up academic assignments that are missed due to such absences. However, *students must contact the instructor well in advance **before** the absence with a written notification of the projected absence* and documentation (when available), before arrangements will be made for make-up work or exams.

- **LATE ASSIGNMENT AND MAKE-UP EXAM POLICY**

All assignments are due on the assigned date and **DUE AT THE BEGINNING OF CLASS**. Emailed assignments will not be accepted unless prior arrangements have been made. Late assignments will automatically drop **1** full letter grade for each **day** the paper is turned in late. Students submitting late assignments must submit a hard copy to my mailbox, located in 3304 Benjamin Bldg (EDHD). You must ask the receptionist for a date/time stamp for your paper to document when you submitted your paper, before placement in my mailbox. Please **do not** submit papers to my office. Likewise, students are expected to take **exams** on the assigned dates and times of the exam. Missed exams will result in zero credit for the exam.

Late Assignments and Make-up exams **will be considered** if students give prior notice of absence and provide required documentation for excused absences as outlined in the undergraduate catalog. Please see below for specific guidelines for missed classes and grading events. Students claiming an excused absence must notify me as soon as possible via email and furnish proper documentation supporting their absence. *Make-up exams must be taken within 1 week of the original exam date.*

**1. Missed single class due to illness:** Once during a semester, a student's self-authored note will be accepted as an excuse for missing a minor scheduled grading event in a single class session if the note documents the date of the illness, acknowledgement from the student that information provided in the note is correct, and a statement that the student understands that providing false information is a violation of the Code of Student Conduct. Students are expected to attempt to inform the instructor of the illness prior to the date of the missed class.

**2. Major scheduled grading events:** Major Scheduled Grading Events (MSGE) are indicated on the syllabus with an asterisk. The conditions for accepting a self-signed note do not apply to these events. Written, signed documentation by a health care professional, or other professional in the case of non-medical reasons (see below) of a University-approved excuse for the student's absence must be supplied. This documentation must include verification of treatment dates and the time period for which the student was unable to meet course requirements.

Providers should not include diagnostic information. Without this documentation, opportunities to make up missed assignments or assessments will not be provided.

**3. Non-consecutive, medically necessitated absences from multiple class sessions:** Students who throughout the semester miss multiple, non-consecutive class sessions due to medical problems must provide written documentation from a health care professional that their attendance on those days was prohibited for medical reasons.

**4. Non-medical excused absences:** According to University policy, non-medical excused absences for missed assignments or assessments may include illness of a dependent, religious observance, involvement in University activities at the request of University officials, or circumstances that are beyond the control of the student. Students asking for excused absence for any of those reasons must also supply appropriate written documentation of the cause and make every attempt to inform the instructor prior to the date of the missed class.
