- Tinn-R Editor 4.00.03.05
- VLC media player 2.2.4
- WinSCP 5.7.4

\*LanSchool is an instructor management software installed in our lab which allows a user at the instructor PC (and only a user at that computer) to view, capture, and otherwise control access to individual computers in the remainder of the lab. This can be used to proctor exams, share content difficult to see from the back, or display a student's work to the class as a whole, to name a few possibilities.

## Cloud Printing

WEPA™ (Wireless Everywhere. Print Anywhere) is a print service that allows customers to print from the web, a USB Drive, a smartphone, or any personal computer to any WEPA™ kiosk.

### Cost to Print
