COURSE DESCRIPTION

EDHD 402 examines critical concepts and ideas of the study of child and adolescent social development. Focus will be on the developmental changes in social functioning, such as interpersonal relationships, emotions, social cognition and social competence within the broader social context.

COURSE OUTLINE

In this course, we will begin with a review of major theoretical and research perspectives on the nature of social development. Next, we will examine the development of specific aspects of social processes (e.g., social cognition, gender identity, aggression) followed by a study of the socialization contexts and influences on development, such as the family, peer, media and school settings. Throughout the course, we will consider the impact of diversity by examining ethnic, cultural and gender differences that may influence the outcome of an individual's social development.

COURSE OBJECTIVES

Upon completion of this course, students should be able to:

1. Demonstrate a basic understanding of the major theories and underlying developmental processes in the study of social development.
2. Identify and describe the nature of contextual influences on social development.
3. Make connections between developmental theories, research and real world issues related to social development

COURSE FORMAT

The format of this course will be a hybrid of face-to-face class meetings on Tuesdays and online (ELMS) class activities scheduled on Thursdays.

COURSE GRADES

Grades are not given, but earned. Your grade is determined by your performance on the learning assessments in the

course and is assigned individually (not curved). If earning a particular grade is important to you, please speak with me at the beginning of the semester so that I can offer some helpful suggestions for achieving your goal.

All assessment scores will be posted on the course ELMS page. If you would like to review any of your grades (including the exams), or have questions about how something was scored, please email me to schedule a time for us to meet in my office.

Grades will be based on the following:

Exams	200 points
E-Activities	130 points
Paper	50 points
Presentation	50 points
Reading Quizzes	40 points
In-Class Assignments	30 points
Total	500 points

Final course grades will be calculated based on the total number of points earned for all assessments in the course. Unless a calculation error has been made, final grades will not be changed. There are no exceptions to this policy.

Letter grades will be assigned based on the following total point accumulation:

A+ = 487.5–500	A = 462.5–487	A- = 447.5–462
B+ = 437.5–447	B = 412.5–437	B- = 397.5–412
C+ = 387.5–397	C = 362.5–387	C- = 347.5–362
D+ = 337.5–347	D = 312.5–337	D- = 297.5–312
<297.5 = F		

COURSE POLICIES

PLEASE SEE THE UNIVERSITY'S WEBSITE FOR ALL UNDERGRADUATE COURSE-RELATED POLICIES AT [HTTP://WWW.UGST.UMD.EDU/COURSERELATEDPOLICIES.HTML](http://www.ugst.umd.edu/courserelatedpolicies.html). BELOW ARE HIGHLIGHTED POLICIES.

- **CLASS ATTENDANCE, CLIMATE & ELECTRONICS POLICY**
Students are expected to attend and actively participate in each class except in the case of illness or an extenuating circumstance. If missing class, students are responsible for obtaining additional notes from a classmate.

Once class begins, students are expected to conduct themselves professionally. *Cell phones must be turned off and put away during class unless there is an extenuating circumstance. Laptops and tablets are permitted during class but should only be used for accomplishing class objectives such as taking notes or for discussion activities. Laptops will not be permitted on Presentation Dates. Students who disregard this policy will be asked to put away their devices and leave the class immediately resulting in an automatic zero for the in-class assignment for that day.* If this becomes a persistent issue in the class, then a no-technology policy will be instituted.

- **ACADEMIC INTEGRITY**

The University of Maryland, College Park has a student-administered Honor Code & Honor Pledge. For more information on the Code of Academic Integrity or the Student Honor Council, please visit <https://www.studentconduct.umd.edu/>. This Code sets standards for academic integrity at Maryland for all undergraduate and graduate students. As a student, you are responsible for upholding these standards for this course. The code prohibits students from cheating, fabrication, facilitating academic dishonesty, and plagiarism. Instances of this include submitting someone else's work as your own, submitting your own work completed for another class without permission, or failing to properly cite information other than your own (found in journals, books, online, or otherwise). It is very important for you to be aware of the consequences of cheating, fabrication, facilitation, and plagiarism. Any form of academic dishonesty will not be tolerated, and any sign of academic dishonesty will be reported immediately to the appropriate University officials.

To avoid any misunderstanding, all written papers and exams should include the student honor pledge statement handwritten or typed and signed by the student: *"I pledge on my honor that I have not given or received any unauthorized assistance on this assignment/examination."* Please note that not including the honor pledge does not excuse a student the consequences of violations of the code of academic integrity. Students are required to abide by the honor pledge in every assignment and test they are given.

- **STUDENTS WITH DISABILITIES**

If you have a registered disability that will require accommodation, please see the instructor so necessary arrangements can be made. If you have a disability and have not yet registered with the University, please contact Disability Support Services (301.314.7682, or 301.405.7683 TTD) as soon as possible. **You must provide official documentation.**

- **RELIGIOUS OBSERVANCES**

The University of Maryland policy on religious observances states that students not be penalized in any way for participation in religious observations. Students shall be allowed, whenever possible, to make up academic assignments that are missed due to such absences. However, *students must contact the instructor well in advance before the absence with a written notification of the projected absence* and documentation (when available), before arrangements will be made for make-up work or exams.

- **LATE ASSIGNMENT AND MAKE-UP EXAM POLICY**

All assignments are due on the assigned date and **DUE AT THE BEGINNING OF CLASS**. Emailed assignments will not be accepted unless prior arrangements have been made. Late assignments will automatically drop **1** full letter grade for each **day** the paper is turned in late. Students submitting late assignments must submit a hard copy to my mailbox, located in 3304 Benjamin Bldg. You must ask the receptionist for a date/time stamp for your paper to document when you submitted your paper, before placement in my mailbox. Please do not submit papers to my office. Likewise, students are expected to take *exams* on the assigned dates and times of the exam. Missed exams will result in zero credit for the exam.

Late Assignments and Make-up exams **will be considered** if students give prior notice of absence and provide required documentation for excused absences as outlined in the undergraduate catalog. Please see below for specific guidelines for missed classes and grading events. Students claiming an excused absence must notify me as soon as possible via email and furnish proper documentation supporting their absence. *Make-up exams must be taken within 1 week of the original exam date.*

1. Missed single class due to illness: Once during a semester, a student's self-authored note will be accepted as an excuse for missing a minor scheduled grading event in a single class session if the note documents the date of the illness, acknowledgement from the student that information provided in the note is correct, and a statement that the student understands that providing false information is a violation of the Code of Student Conduct. Students are expected to attempt to inform the instructor of the illness prior to the date of the missed class.

2. Major scheduled grading events: Major Scheduled Grading Events (MSGES) are indicated on the syllabus with an asterisk. The conditions for accepting a self-signed note do not apply to these events. Written, signed documentation by a health care professional, or other professional in the case of non-medical reasons (see below) of a University-approved excuse for the student's absence must be supplied. This documentation must include verification of treatment dates and the time period for which the student was unable to meet course requirements.

Providers should not include diagnostic information. Without this documentation, opportunities to make up missed assignments or assessments will not be provided.

3. Non-consecutive, medically necessitated absences from multiple class sessions: Students who throughout the semester miss multiple, non-consecutive class sessions due to medical problems must provide written documentation from a health care professional that their attendance on those days was prohibited for medical reasons.

4. Non-medical excused absences: According to University policy, non-medical excused absences for missed assignments or assessments may include illness of a dependent, religious observance, involvement in University activities at the request of University officials, or circumstances that are beyond the control of the student. Students asking for excused absence for any of those reasons must also supply appropriate written documentation of the cause and make every attempt to inform the instructor prior to the date of the missed class.
