- Or Call (301) 314- 8184

(Please note you need your directory ID and password before making an appointment)

Notes: For International Students

- They should have a Quantiferon- Gold test in their country if they want to avoid having a Quantiferon- Gold or T- Spot done in U.S.
- They will have to bring a copy of their lab reports for the Quantiferon Gold test with them to the International Student Orientation.
- They should have proof of 2 MMR’s; the first must be after age 1 year, and second is normally after age 5. They can also have 2 adult doses of MMR if they do not have records of previous MMR’s, but they must be one month apart.
- If no vaccine dates are available, your physician can do a measles, mumps, and rubella titer to verify positive immunity. We will require a copy of the lab reports if titers are to be considered as verification.
