## PARTNERING WITH SCHOOL DISTRICTS STRENGTHEN SCHOOL SYSTEM LEADERSHIP

The Ed.D. in School System Leadership focuses on providing senior central office personnel and principals within the county with advanced leadership competencies in the areas of: teaching and learning, assessment and accountability, community interactions, and managing and enhancing human and fiscal resources. The goal of the program is to produce education leaders who can support innovative, creative, knowledge-based practices that lead to successful school systems.

The curriculum is organized around six core topical seminars. There are four additional courses related to research, evaluation, and assessment methodologies. Dissertation research is embedded into all courses.

A variety of delivery methods are used to meet the needs of participants, including: intensive summer sessions, online modules, virtual classroom, weekend sessions, and traditional methods.
