JAN 25
Monday | First day of Spring 2021 classes | ALL STUDENTS

ADMISSION TO CANDIDACY FOR DOCTORAL STUDENTS, FALL 2020:
The Application for Admission to Candidacy form is approved by the Department prior to submission to Graduate Studies, Room 1204. Graduate Studies will recommend to the Graduate School the consideration of candidacy. The candidacy papers must be submitted prior to the 25th of each month in order for the form to be reviewed. The Graduate School will notify each student regarding the candidacy decision, effective the 1st of the month following documentation submission.

REGULATIONS

- Continuous registration is required. All students must be registered each fall and spring semester for a minimum of 1 credit that will accurately reflect the student’s involvement in graduate study and use of University resources. Students who meet the criteria may request a leave of absence by submission of the Request for Leave of Absence form. Master’s and pre-candidacy doctoral students may request a waiver of the registration requirement by submission of the “Petition for Waiver of Continuous Registration” form. Leave of absences and waivers must have Department and College approval. Students who have approved waivers may not use any facility or resources of the University.
- Doctoral students are not permitted to be registered for 899 dissertation credit until they are advanced to candidacy.
- Pre-candidacy doctoral students may register for 898 “Pre-Candidacy Research” for 1-8 credits (carries 18 units).
- Doctoral candidates who have advanced to candidacy, are automatically registered for 6 credits of 899 dissertation credit by the University each fall and spring semester. The credit level is not variable, and cannot be adjusted.
- Students must be registered for a minimum of one credit in the intended semester of graduation, including one of the summer sessions for August degree conferral.
- It is necessary to apply for degree conferral early in the semester of graduation. If degree requirements are not met in the semester of initial application, the Application for Graduation continues to carry over until graduation requirements are met. However, any student whose time expires before graduation requirements are met will not have their Application for Graduation rolled over. These students will need to submit a “Request for a Time Extension” form and will need to reapply to graduate. There is no fee charged for the Application for Graduation.
- Doctoral candidates for Summer degree conferral who have defended and who have accumulated the required number of 899 dissertation credits prior to the Summer sessions, may register for 899 dissertation credit (charged by the credit) or 898 pre-candidacy credit, or any other credit approved by the student’s advisor, in order to meet the registration requirement for August degree conferral.
- Students are responsible for meeting deadlines when fulfilling final degree requirements.
- Students should check the graduate program that they are enrolled in for applicable deadlines it may have.
- Effective Fall 2020, all full-time graduate students (master’s and doctoral) will be required to have health insurance. View the Grad School Health Insurance Policy for more information.
- For additional information, contact the College of Education, Graduate Studies Office at 301-405-2361/301-405-2363 or email oss-graduateservices@umd.edu

Winter 2020 Semester

January 4 (Monday) First Day of Classes
