Note <sup>1</sup>: This is a suggested template, but circumstance may not always allow courses to be taken/given in this sequence.

Note <sup>2</sup>: Summer classes may not always be offered during the suggested summer. You should be aware of what is being offered and take them as they come. **EDCP 672** (Social and Cognitive Foundations of Counseling and School Psychology—this course can count for both the Social Aspects of Behavior and the Cognitive Psychology foundations) and **EDCP 789F** (History and Systems of Psychological Science) are offered in a rotating schedule so they may be offered in a different summer than is on the schedule.

<sup>1</sup> 20-hour fellowships and assistantships cover 10 credits of tuition each Semester, 4 during the Winter term and 8 during the Summer term.
